In the last ten years Topeka has
made a little progress, Howland pointed out. He mentioned the better
building cnde enactment, regulations
for combustinies under the direction
of the fire chief, platoon system for
the fire department, and increased fire
fightling apparatus.

Howland said the Topeka water
plant could furnish barely enough
water to supply a normal demand. A
daily consumption of more than 3,500,009 gallons is close to the actual
margin of production.

Brackett had been missing for thirty-six hours when his wife instituted search for him. He was found about ten miles from his home.

Investigation by the sheriff led authorities to believe that Brackett had attempted to climb the fence with a leaded gun in his hand. His feet became entangled in the wire and the gun was discharged, blowing part of his head off.
